

Poop, Scoop & Away Helps With Clean Up

BEDFORD – One year has elapsed since Annette Doucette started her own company called Poop, Scoop & Away, LLC; a pooper scooper service providing much needed relief and peace of mind for busy dog owners.

Now that the snow has melted, dog owners will undoubtedly be greeted with a big mess in their yard. Not only is dog waste an unsightly and messy nuisance, it is also a health and environmental concern.

That's where Poop, Scoop & Away comes to the rescue. Furthermore, with 40 percent of American households having at least one dog, there's a lot of poop to scoop.
